We realize there may be challenges to getting to school on time every morning. It is with this in mind that your scholar is given the grace of three tardies before they will need to go to tardy sweep. Repetitive tardies are disruptive to our classes and we ask that you allow enough time in your morning to ensure that our scholars are arriving to school on time. Arriving to school with time to spare is a great way to partner together toward our scholars' success!

We have been working hard to provide college resources for your family. We will be hosting the College Funding Coach on **Thursday December 8th at 6pm**. This webinar is for **any** family wanting to learn how to pay for college (Preschool - High School).

The College Funding Coach was founded in 2002 to help families better understand the complex strategies for paying for college and making higher education more affordable. Planning for these expenses has become essential. Some families have children attending college next year, and others have years to prepare, but the fears of tackling these monumental and rising costs are the same. The College Funding Coach® is here to help families figure out HOW to pay for it and still retire one day. This interactive workshop, Little-Known Secrets of Paying for College, teaches parents the rules of the game when it comes to paying for their child's education.

This is information you can't afford to miss! Please take a look around our website www.thecollegefundingcoach.org for helpful resources and information.

"The presentation was excellent; I was impressed as a counselor and a parent."-Patrick C.

Very informative talk! Thanks! I just realized that there are many resources I am not aware of! - Milly K.

"By my calculations, over the course of four years the evening we spent will save this family \$126,180."- John S.

Little-Known Secrets of Paying for College

Heritage Academy
Thursday December 8th
6pm to 7:30pm

"On average, tuition tends to increase about 8% per year. An 8% college inflation rate means that the cost of college doubles about every nine years." (Finaid.org) Planning for these expenses has become essential. Some families have children attending college next year and others have years to plan, but the fears of tackling these monumental and rising costs are the same. The College Funding Coach® is here to help families figure out HOW to pay for it and still retire one day.
