Dear Parents,

Many scholars or parents wonder how to pay for field trips during their scholar's time in school.

I'm talking about **Extra Curricular Activities (ECA) Tax Credit**. (First, please note that asking your accountant or CPA will clarify whether you qualify for this.)

When talking to scholars, I keep it simple.

1. Parents donate money to the field trip,
2. Parents will keep the receipt and claim it on taxes,
3. Parents get it back in your tax return.

An easy way to complete this is:

1. You donate [HERE](#).
2. Click "Buy Now" which takes you to a page where you will tell which event this is for plus which scholar and how much.
 - a. Single people can donate up to \$200. (You can definitely choose less if it works better for you.)
 - b. Married people can donate up to \$400. (You can definitely choose less if it works better for you.)
3. Keep all invoices/receipts to claim on your taxes.

Yes, you can donate personally OR you can ask others to donate using this same process. They will need to create a MySchoolBucks.com account and add your scholar's name on it. Please read [THIS](#) carefully when making donations. It is important to understand exactly how the process works, but it is SO helpful if you have multiple scholars.

What if you have multiple scholars?

- Ask a friend
- Ask a relative
- Ask a neighbor

IMPORTANT: Many people want to help your scholar have great opportunities! They also love saving on their taxes. This is a complete Win-Win situation!
